reader is encouraged to continue exploring the topic. at the end **educational learning theories: 2nd  
edition** - introduction behaviorism is primarily concerned with observable and measurable aspects of human  
behavior. in defining behavior, behaviorist learning theories emphasize changes in behavior that result from  
stimulus-response associations made by the learner. john b. watson (1878-1958) and b. f. skinner (1904-1990)  
are the two principal ... **4 introduction a social theory of learning** - introduction a social theory of learning  
our institutions, to the extent that they address issues of learning explicitly, are largely based on the  
assumption that learning is an individual process, that it has a beginning and an end, that it is best separated  
from the rest of our activities, and that it is the result of teaching. **learning: theory and research** - this  
section provides a brief introduction to each type of learning theory. the theories are treated in four parts: a  
short historical introduction, a discussion of the view of knowledge presupposed by the theory, an account of  
how the theory treats learning and student motivation, and finally, an overview of some of the instructional  
methods ...
